THOMAS JONES, Sergt. S. S., U. S. A.

The Ohio.
The Ohio river rose nearly six inches Tuesday night.

Stone.
The stone used in ballasting the track of the Cairo & Vincennes railroad in this city is being quarried near Tunnel Hill, in Johnson county.

Turner Hall.
Work on Turner Hall has been progressing very well since the commencement of the structure, and the building will be finished according to contract.

For Vincennes.
Mr. Harry Walker, proprietor of the Delmonico Hotel left Cairo yesterday for Vincennes, Indiana, in the interest of his business.

Ten Wheel Engine.
A ten wheel locomotive, belonging to the Cairo & Vincennes railroad company, which will be used at the incline plane of that road in transferring trains from the road to the boat, was expected to arrive in the city last night.

After Them.
Sheriff Carter of Johnson county is on the track of the Shelby county murderers, and it is believed will succeed in capturing them. Of the fact that both the murderers passed through Vienna a week ago to-day there is no doubt.

In Jail.
The noted thief and house-breaker, Tennessee Bill, who is well known throughout the State of Illinois, Kentucky, Tennessee and Missouri, was lately captured for committing one of his daring acts, and is now an inmate of the Alexander county jail in this city, awaiting trial.

Drawing off the Water.
Street Superintendent Gorman had a gang of men engaged in putting down drain tile yesterday, on the north side of Eighth street. The tile is being put in for the purpose of drawing the water from the vacant lot next to Lambert's barber shop, into the sewer at the corner of Eighth street and Washington avenue.

Going.
We were informed a day or two since that, as all the widowers in this city had taken to themselves wives, the only remaining one, who is well known to all, has made up his mind to go and do likewise. When the ceremony that is to make him a twice married man will take place, we have not yet learned.

A Newcomer.
The home of Mr. and Mrs. Phil Saup has been a place of unusual gaiety for a couple of days past, occasioned by the arrival of a bright little girl weighing nine pounds. The newcomer made her appearance on Saturday night, and the hilarious father and happy mother feel very proud in the possession of their little charge.

Complaints.
Since Chief Williams has returned to his official duties in this city, numerous complaints have been made to him by citizens in regard to people allowing their horses and cattle to run at large in the city limits, and destroying the shrubbery, etc., in the yards. Horse and cattle have no right upon the streets of Cairo, and Capt. Williams will no doubt attend to the matter at the proper time.

A Thief on His Beat.
On Monday night, a thief entered the railroad house, at the corner of Eighth street and Commercial avenue, and took from the room of Harry Thorpe and George Parcell, a suit of clothes and a valise. The clothes belonged to the former and the valise to the latter gentleman, both of whom are engaged in helping paint the property of the Illinois Central railroad company, and whose homes are in Chicago.

A Kind Act.
From Mr. Edward Howell, brother of St. Howell, one of the proprietors of Howell & Aymar's circus, we learn that the citizens of Vincennes, after witnessing the fine performance given by the company, and becoming acquainted with the bad luck with which the company have been battling for some months past, donated to Messrs. Howell & Aymar the sum of eight hundred dollars, which was raised by subscription and handed over to the treasurer of the company. The troupe, with this new start, left Vincennes for Cincinnati, and expect to now be able to hold their own.

Badly Damaged.
From parties living on the line of the Cairo and Vincennes railroad, we learn that the wheat crop in a portion of Pulaski, Johnson, Saline and White counties has been very seriously damaged by the late rains. In some places it is estimated that at least one-half the crop will be lost, principally from sprouting caused by the wet weather. The corn, though looking well, it is feared will not yield as largely as was sometime ago expected. Its growth is too rapid, and there will be more stalk than corn. The oats and hay crops have suffered severely.

Get Your Partners!
The Delta City String Band, by request of numerous friends, will give another of their enjoyable dances at Scheel's Hall, Friday evening, August 6th. They will do their best to make it enjoyable for all. The price of admission will be as before—only 50 cts.

In a Bad Condition.
Twentieth street, between Washington avenue and Poplar street, is in a fearfully bad condition, and should be repaired. The recent rains have made the mud holes at least fifteen inches deep, and the farmers coming to Cairo, who are not acquainted with the condition of the street, when they attempt to drive through it, invariably stall their teams and frequently break their wagons. Something should be done with the street immediately.

Base Ball.
The Cairo base ball club will leave this city today for Paducah. Arrangements have been made with the Jim Fisk to carry those who wish to see the game, from this city to Paducah and back to Cairo, for the very reasonable sum of two dollars and fifty cents, including meals and berth. The boat will leave the wharf at five o'clock this evening, and will lay over at Paducah until 12 o'clock Thursday, in order to give the clubs time to finish the game of ball. Those who wish to take the trip can obtain tickets by applying to Jim Biggs.

Bredon Springs.
The Free Benevolent Sons of America, accompanied by a large number of their colored friends, will leave Cairo this morning for Bredon Springs, by special train on the Cairo & Vincennes railroad. They will remain at the springs during the day, and return to Cairo this evening. The exercises of the day will consist of speeches, etc. A string band will accompany the pioneers, and furnish music for dancing. The Free Benevolent Sons of America assure all who accompany them a pleasant time. Fare for the round trip \$1.

Attempt to Break Jail.
Gupton, the murderer, and a brother prisoner, made a determined attempt to escape from the Alexander county jail, in this city, a night or two ago, but were detected in their work, which was immediately put a stop to. They had succeeded in removing several obstacles that stood between them and their freedom, when their purpose was revealed to the jailor; they would in all probability have accomplished breaking out had they not been caught just when they were. Since the attempt was made, Officer Sheehan has been employed in keeping watch over the jail at night time, and they have made no further attempts to get out.

Marrage Licenses.
The following marriage licenses were issued by county clerk Lynch to parties during the month of July: William Crouch to Mattie Neel; H. K. Manwaring to Mary M. Blodgett; James M. Woolley to Elizabeth M. Neff; Lloyd Richeson to Mary Morris; Thomas Clarkson to Amanda Lowers; Louis H. Kato to Josephine Laurent; Bedford Tucker to Dorcas Hardin; Tophill Martell to Herzhina Tossier; W. S. Hanners to Laura A. Frick; Geo. W. Harrison to Nancy L. Evans; H. F. Putnam to Ellen Barrett; Andrew Honey to Amanda Ellen Light; James Goodman to Rachel E. Robbs; T. J. Lien to Alice Fitzgerald; John F. Jordan to Malinda Price; Wm. B. Davis to Eliza Jane Whitaker.

Police Court.
—Steven Fletcher, a colored man, was yesterday arrested and taken before Judge Bross by Officer LaHue, charged with having used offensive and abusive language to one of his fellow-men. After the evidence had been heard His Honor placed a fine of five dollars and costs upon Stephen, who paid, and went on his way rejoicing.

—The next and last case that demanded the attention of the court, was that of William Welsh, who was taken into custody by Officer LaHue for carrying concealed weapons and using abusive language, for which the defendant was fined the sum of fifteen dollars and costs, making in all twenty-four dollars and fifteen cents. He gave security for the payment of the same, and was allowed to depart.

Much Married.
A gentleman and lady, a newly wedded couple, we suppose, from what we have lately been told by one who knows how it is himself, a happy couple, passed through this city for New Orleans yesterday, on their bridal tour. As far as their intelligence is concerned, there is nothing very remarkable in it, but when we are told that this very same gentleman has listened to his marriage ceremony six times, and that the lady, though not quite up to her husband, has been married four times, the matter is more interesting. The name of the gentleman is Howard, and resides in Detroit, Michigan. The wives of the husband and the husbands of the wives are all dead, and the two, being of the opinion we presume, that it was about six of one and half dozen of the other with them, thought that they were equally matched and got married.

Hotel Personal.
—Grand Central—S. A. Dinn, Vincennes; W. Beckwith, Bird's Point, Mo.; Mrs. Beckwith, Bird's Point, Mo.; Frank Wyatt, Bird's Point; W. Wakefield, Kentucky; V. W. Rodney, Greenfield, Mo.; —Delmonico—Henry Spencer, St. Louis; B. F. Burt, St. Louis; J. Philmont, St. Louis; J. H. Steele, Clinton, Ky.; R. T. Bowers, Canton, Miss.; William Standing, De Soto.

—St. Charles—O. H. Truman and wife, Kentucky; Geo. H. Fletcher, New Orleans; L. M. Hamilton, New Orleans; Geo. W. Corlis, Metropolis; N. Harper, Chicago; J. A. Maslor, New Orleans; J. M. Craig, Arkansas; Edwin Talley, Murfreesboro, Tenn.; J. W. Sullivan, Vincennes.

—Planters—M. F. Johnson, Jackson, Tenn.; Thomas Gallagher, New Orleans; William Hotnett, St. Louis; Mrs. M. Doninger, St. Louis; Frank Rosenheim, Chicago; G. R. Keese, Davenport, Iowa; W. Reed, Davenport, Iowa; Nicholas Hedder, Ohio; J. C. Stout, Jackson, Tenn.; R. R. A. N. and F. F. Keller, Arkansas; J. H. Steele, Kentucky.

Stratton's Boy.
Our friend Stratton has a new boy baby—a ten and a half pounder, and "he crows like a shanghai." If we may believe his father, who is authority for the statement. At any rate, he is one of the finest babies of the season.

Second.
Well, he was serenaded—we mean Burnett—our Burnett. Last night, after the matinee at the council, we found the Delta City string band (taught by Geo. Eisenberg), with a full complement of musical instruments, energetically at work, under Burnett's best window, where the rare exotics look out on the lake, exhaling some quaint and delicate airs. The general said he didn't set 'em up—our general, we mean.

Visit Him.
County Clerk Lynch, while at a sale a few days ago, purchased several jars of fine pickled peaches and cherries, which he removed to his office in the court house. He desires us to say that this fine lot of fruit, which we have sampled to our entire satisfaction, was bought by him for the purpose of giving his numerous friends a treat when they call upon him. All who are friendly with Jacob, should not fail to give him a visit at their earliest convenience.

Thanks.
Peaches? The largest, most luscious and tempting our inquisitive eyes ever rested upon. Good? Never ate better in our lives—and we have "got away with" many since we were able to distinguish nutmegs from filberts. Where did they come from? From our esteemed friend J. H. Greeley—and it would be the height of courtesy to call our feelings thanks. We feel gratitude, of the most liberal kind—a gratitude that is always aroused when we are in receipt of such peaches. Were they large? Well we should remark!

Another Victim!
The Charleston (Mo.) Courier thus refers to a little event in which one of our people was an interested party: "Another Victim! Another sad case has just come to light, this time a newspaper editor in Cairo, by the name of Burnett. He was a nice young man of considerable ability. You might say his fortune was made; it was at least a sure thing had he only had the moral courage to abstain from the use of strong drink. But alas! he was too fond of lemon and sugar, and a few days ago he fell a victim to an overdose of straight lemon. The long and short of all of which is that on the 5th inst. Mr. Burnett, of the Cairo Bulletin, was married to Miss Maria E. Leinen. Bro. B., we welcome you to the fold. May you live long and always enjoy the pleasant company of your handsome and accomplished wife and may you never have a more serious attack than that of lemon and sugar. Shake!"

The Mayor and the Council.
The latter portion of the proceedings of the city council last night was rather of a strange nature. His Honor read a communication enumerating the following causes for the removal from the police force of Messrs. Whitcamp and Schuster:

1. Disobeying orders of Mayor.
2. Talking disrespectfully of the executive.
3. Complaints of shooting tagged dogs.
4. Going into people's premises and killing dogs.
5. Threatening to shoot Mrs. Gunther while protecting her dog.

6. For a tyrannical exercise of their official duties as policemen.
Mr. Halliday presented a resolution that a committee be appointed to investigate the charges, and receive testimony for and against Messrs. Whitcamp and Schuster. This was ruled out of order by Mayor Winter, he quoting authority for his action, and refusing to entertain any motion except approval or disapproval of his acts. The issue being made, the ayes and noes were taken, and the action of the Mayor in the dismissal of the policemen was not sustained; and it was ordered, on motion of Mr. Halliday, that the new appointees of the Mayor be discharged from the force, and that their pay stop from that time.

There was no half-way business in this affair; no disposition to compromise—but a positive jar. His Honor said he had been elected Mayor, knew his duties, and would act the Mayor, regardless of consequences. There were some suggestions of differences of opinion; and some vague expressions that were not well defined, but which took shape when the ayes and noes were called. If proof was wanting, His Honor said, he had much that would be of a disagreeable nature to Messrs. Whitcamp and Schuster, and that it would be produced if forced from him—meaning, no doubt, the disapproval of his acts and the appointment of the committee.

A large crowd was in attendance, and evinced much interest in the proceedings.

Notice—Lee.
The undersigned has this day sold out his city ice business to Messrs. Huse, Loomis & Co.

All bills due him for ice in the city, from the 1st of August, will be collected by Huse, Loomis & Co.

Thanking the public for the favors they have conferred upon him, he begs a continuance for the latter firm.

The tickets issued by him will be received by Huse, Loomis & Co., for ice.

JOHN SPROAT,
[CAIRO, ILL., August 4, 1875. 8-4-11w]

Chas. Schoenmeyer has that No. 1 beer—PILSENER—always on hand.

Wanted.
By a young man of this city, who has had large experience, a position as book-keeper or clerk in some mercantile business. Can furnish best of references. Address for ten days, care of BULLETIN office.

APPLICANT.
PILSENER at Louis Herbert's.

RIVER NEWS.
Port List.
ARRIVED.
Steamer Jim Fisk, Paducah.
" City of Chester, St. Louis.
" Vint Shinkle, Cincinnati.
" Shannon, New Orleans.
" Coal City, Pittsburg.
" Coal City, Pittsburg.
" Blue Lodge, Pittsburg.
" Raven, St. Louis.

DEPARTED.
Steamer Jim Fisk, Paducah.
" City of Chester, Memphis.
" Vint Shinkle, Memphis.
" Shannon, New Orleans.
" Coal City, St. Louis.
" Blue Lodge, New Orleans.
" Raven, St. Louis.
" Bon Accord, St. Louis.
" Lioness, St. Louis.

RIVER AND WEATHER.
—The river last evening was 43 feet 9 inches on the gauge, having risen 10 1/2 inches during the previous 24 hours. The rise was just double that of the day previous, but is caused by the spurt from St. Louis and side streams below there, and cannot last long. Many are of opinion it will come to a stand to-day. The condition of the rivers elsewhere at 3 p. m., yesterday, as shown by the signal office report, was as follows: Pittsburg, 41 feet, rose 3 feet 9 inches; Cincinnati, 40 feet, rose 3 feet 8 inches; Louisville, 23 feet 2 inches, rose 3 feet 9 inches; Nashville, 13 feet, fell 4 inches; St. Louis, 29 feet 11 inches, rose 10 inches.

GENERAL ITEMS.
—They had a little rain in New Orleans last Sunday.

—There is still a sprinkling of drift in the Ohio and the Mississippi is full of it.

—The water has reached the yard in front of the house of Mr. Cox opposite the foot of Sixth street, and will reach his corn if it rises one foot more.

—Capt. R. W. Dugan is suffering from a slight attack of sore throat, but is pronounced convalescent by Dr. Rexford, who administered a whisky sweat night before last.

—Capt. James Johnson has a great time of it trying to keep his grandson out of the pipe water. He takes to it as naturally as a duck. And it takes the whole family to keep a watch over him.

—We have had two days of dry weather and one day of bright sunshine. The streets are showing some signs of becoming dusty, and our people speak of the prospect as though dust was a luxury.

—Wharfmaster A. L. Hurd makes the following report of arrivals at this port during the month of July:

Sugarboats.....143
Tow-boats.....142
Registered barges.....46
Tonnage, bulk measurement, 87,216 tons.

The steamers St. Johns and B. L. Dodge, running between New Orleans and Baton Rouge, carry a large white hat between the chimneys. The emblem was adopted by the late Capt. W. R. Greathouse, and is still observed in honor to his memory.

—The river rose six inches night before last at St. Louis, and at 11 o'clock yesterday commenced to decline again. The news was very gladly received here, as our people are largely in sympathy with the people in the low lands who will suffer greatly if the rise continues much longer.

—Thad P. Gibson, well known here as having in other years been a rattling clerk in the Cumberland river trade, is running a farm back of Paducah. The Paducah News says: "Thad was in Paducah the other day, and in describing the storm of last Sunday week, he said that it blew a lot of cows into his cornfields and carried the calves into a neighbor's fields, several miles away. When the storm was over Thad says that the corn was so tangled up that it took five days to find the cattle."

—The St. Louis Commercial list, speaking of the boiler and sheet iron works of Bohan Brothers, says: "Their business is now in the full tide of success, there being at present in course of construction at their works no less than forty-one boilers. Among them are eight boilers for the steamboat Mary Belle, better known as Capt. Hicks' "Big Bonanza," which is also to have smoke stacks of galvanized iron, a new invention, and destined, as we were informed by Mr. Bohan, to supersede all others."
